Testimonial

Integratis has been servicing our group benefits since December, 2000. Since that time the company has closely monitored our insurance needs and kept us up to date with the current trends. We have completed a seamless transition to the ASO program and have experienced cost savings. With Ian Brown's expert advice we are often considering other offerings from Integratis as well.

The staffs at Integratis are professional, friendly and knowledgeable. They are always quick to answer any questions or concerns.

I would not hesitate to recommend Integratis to anyone considering a group benefits solution.

Ian Brown and his staff should be proud of the service of excellence that they provide. We at Broda Enterprises Inc. are fortunate to share in your success and look forward to a continued partnership in the future.

Sincerely,

Phil McTaggart
Controller
