Dear Kori;

Re: Testimonial

I am pleased to write this testimonial to our experience with Integratis Benefit Solutions. We have had the pleasure to have dealt with Mr. Ian Brown and his associates for the past four years. During that time we have been singularly impressed with their interest in getting to know our business, our challenges and our personnel. They have picked up on the nuances of each and offered creative and intelligent solutions to our problems.

In those four years, we have seen our benefit costs reduced significantly while seeing customer service improve at almost the same rate. This has allowed us to increase the coverage and benefits to our employees to the point where the product we are now receiving is far superior to that offered prior to our experience with them, but still within the same funding envelope.

From day one, Ian and his staff have treated us as friends and gone out of their way to find new solutions and deal with our enquiries. I am excited about this approach to business, a rarity in this fast paced society. I wholeheartedly endorse their service and products to my colleagues and to any forward thinking enterprise.

Sincerely,

David Wood, President
